

Knightsdale Career Academies

Knightsdale High School Of Collaborative Design

Institute of Government and Global Inquiry

Career academies are personalized small learning communities within KHSCD made up of a small group of students and teachers for a three-year span. Academy classes are usually blocked back-to-back in the daily schedule, and students attend them as a group. Students are able to complete academy requirements within the regular school day, with the exception of work internships. **Knightsdale Career Academies are open for rising Sophomores (class of 2019) to apply before April 1.**

All Academy Students benefit from:

1. Small learning community
 - Preferred scheduling in recommended courses for academy students
 - Follow the same group of students with the same teachers for three years!
2. Seminars and site based learning activities
 - Students are exposed to a variety of careers and essential career skills.
3. Career Readiness
 - Practice with interview and soft skills to prepare for a future career.
4. Internship
 - 135 hours of practical work experience before you leave High School.

Knightsdale HS Academy of Environmental Studies

The KAES Career Academy is dedicated to preparing students to make knowledgeable career choices through work-based experiences and applications of current environmental issues.

KAES Concentrations:

- Animal Science
- Plant Science (Horticulture)

Knightsdale HS Academy of Public Safety

The KAPS Career Academy will develop and guide interested students toward a career in public safety through academics, personal development and in-depth education which will prepare the students to be college and career ready.

KAPS Concentrations:

- Fire Management Services
- Law Enforcement / Legal Services
- Emergency Medical Services

For additional information about either of our career academies, please visit our website:
